during an inspection of the Fukien coast, CHFN I made a speech to representatives of the Fukienese which included the following statements:

- Fukien is in the forefront of national defense and may be attacked at any time by American and Chinese Nationalist troops.
- Taiwan must be liberated, not only to restore Chinese territory but to strengthen national defense.
- c. Troops of the East China Military Area are directly responsible for the liberation of Taiwan and the defense of Fukien. They are entirely capable of liberating Taiwan and are now working hard to complete preparations without delay. CHFN is even more confident of their ability to protect Fukien.
- The Fukienese supported the Chinese Communist Army during their liberation. They must now cooperate more closely to support the Korean war, fight for the liberation of Taiwan and defeat American and Chinese Nationalist aggression.
